

The background of the entire page is a composite image. It features a realistic view of the Earth from space, showing blue oceans and green continents. Superimposed on this is a large, stylized tree with a thick brown trunk and green foliage, which appears to be growing out of the center of the planet. The text is overlaid on this image in a yellow, sans-serif font.

We are delighted to announce that we have been awarded our second Green Flag from Eco-Schools. We were assessed by Francesca who said our work was 'excellent' and she 'could see how the whole school community had embraced Eco-Schools.'

Francesca asked us to make a montage of picture messages that our children would like to send to Eco-Schools. Over the next week, we would love you to create a picture message in your families. You could have fun using natural materials, recycling or anything that would fit with Eco-Schools to write your message, then send in a picture so we can put together our montage.

Many thanks for your creativity and hard work in connection with Eco-Schools over the last few weeks. This Green Flag belongs to everyone!
