Emergency Access Arrangements for Extreme Weather Conditions

The school's first priority will be to provide a safe route into school for children, parents and staff. In a snow/ice emergency situation normal access routes may be closed or changed and access will only be available after the removal of snow and/or ice - **Please use each route only if it is cleared before you arrive at the school.** At least one route will be open. If in exceptional circumstances the school has to close, parents will be informed via email or text message and information will be posted on the school website, stpatrickspsglenariff.co.uk.

Can parents please ensure they have their email addresses added to the website and have uploaded the SCHOOLS NI APP to their phone.

All persons should enter carefully on foot.

Only staff cars & delivery vehicles will be allowed into the school car park, except where permission has been given by the principal in special circumstances to do so.

*May I take this opportunity on behalf of the Board of Governors,
teachers, staff and children to wish you all a
Happy, Holy and Peaceful Christmas and New Year.*

Mr Mark Dinsmore, Principal.
